

TEAM PARENT RESPONSIBILITIES

- Make snack list. 1 family for half time/1 family for post game. Fruit and Water are preferred for ½ time. Healthy snack choices/Gatorade are preferred for post-game snack. Parent Tip: Gatorade is ‘healthier’ if mixed 50/50 with water.
- Organize parents to make a team banner. Although there is no longer a contest, kids have always loved it. Divide cost by number of players and inform parents of the amount and when it is due. While getting many parents involved may be more stressful, it again builds unity among the parents.
- I have seen teams with ‘goal cans’. The idea is to have each family put 25 cents (or any change) in the can every time our team scores a goal. This money can be used to reimburse the banner cost or for an end of season party. This is not required, but it is something to think about.
- Distribute picture packages, with picture date/time on envelope. Distribute pictures when they arrive.
- Field all questions during practices and if necessary remind parents that they may contact the coaches any time we are not practicing or playing.
- HAVE FUN!
